Utah State Building Board

MEETING

April 9, 2008

MINUTES

Utah State Building Board Members in attendance:
Larry Jardine, Chair
Kerry Casaday, Vice Chair
Mel Sowerby
Steve Bankhead
John Nixon, Ex-Officio

DFCM and Guests in attendance:

Kent Beers	Division of Facilities Construction & Management
Shannon Elliott	Division of Facilities Construction & Management
Michael Ambre	Division of Facilities Construction & Management
Bob Anderson	Division of Facilities Construction & Management
Matt Boyer	Division of Facilities Construction & Management
S'ean Crawford	Division of Facilities Construction & Management
Lucas Davis	Division of Facilities Construction & Management
Dana Edwards	Division of Facilities Construction & Management
Darrell Hunting	Division of Facilities Construction & Management
Brent Lloyd	Division of Facilities Construction & Management
John Nichols	Division of Facilities Construction & Management
Tim Parkinson	Division of Facilities Construction & Management
Jeff Reddoor	Division of Facilities Construction & Management
Jim Russell	Division of Facilities Construction & Management
Wayne Smith	Division of Facilities Construction & Management
Craig Wessman	Division of Facilities Construction & Management
Kimberly K. Hood	Department of Administrative Services
Steve Allred	Legislative Fiscal Analyst's Office
Kimberlee Willette	Governor's Office of Planning and Budget
Nate Millward	Board of Regents
Brent Petersen	Davis Applied Technology Center
Kent Thorsted	Davis Applied Technology Center
Bob Askerlund	Salt Lake Community College
David Tanner	Southern Utah University
John McNary	University of Utah
Ken Nye	University of Utah
Ben Berrett	Utah State University

Darrell Hart	Utah State University
Jim Michaelis	Utah Valley State College
Kevin Hansen	Weber State University
Sara Greenhalgh	Architectural Nexus
Sarah Parris	BNA Consulting
Pat Gleason	Calder Richards Engineers
Marion Cook	Colvin Engineering
Keri Hammond	EDA Architects
Skip Bourgeois	GSBS Architects
Chris Coutts	MHTN Architects
Heather King	Spectrum Engineers
James VanRoosendaal	VCBO Architecture
Alyn Lunceford	Courts
Dan Clark	State Parks
Bill Jusczak	UDOT
Peggy Grusendorf	Utah State Hospital
Greg Sheehan	Wildlife Resources

On Wednesday, April 9, the Utah State Building Board held a regularly scheduled meeting in W025 State Capitol Complex, Salt Lake City, Utah. Chair Larry Jardine called the meeting to order at 9:05am.

❑ APPROVAL OF MINUTES OF MARCH 12, 2008

Chair Jardine sought a motion on the minutes of the March 12, 2008, meeting.

MOTION: Mel Sowerby moved to approve the meeting minutes for March 12. The motion was seconded by Steve Bankhead and passed unanimously.

❑ ALLOCATION OF FY2009 CAPITAL IMPROVEMENT FUNDS

Kent Beers introduced Lynn Hinrichs as the assistant director over Capital Development and Capital Improvements. Each capital improvement manager introduced themselves and the projects they manage.

Mr. Beers referred to the FY2008 Capital Improvement Performance Report. The annual report is a status report to the Building Board on the projects approved one year ago. There were 173 state funded capital improvement projects approved by the Board last year and managed by DFCM. Projects managed by the Capitol Preservation Board, University of Utah, and Utah State University were reported separately. Of the 173 projects managed by DFCM, 158 (91%) of them were complete or under contract within the year. This was the fifth consecutive year where DFCM had exceeded the 90% goal.

Mr. Beers introduced Kurt Baxter as his assistant. Mr. Baxter is a DFCM Capital Development project manager who will begin assisting with Mr. Beers' administrative duties as well as manage projects.

Chair Jardine recognized the Capital Improvement staff for diligently working on the projects completed and under contract. The percentages had significantly increased from past years.

Kent Beers referred to the FY2009 Summary of Replacement Costs of Facilities versus Share of Capital Improvement Funding handout. This document identified that $46,267,300 was allocated to higher education for capital improvement funding in FY2009, and $30,103,600 allocated to state agencies. Statewide programs administered by DFCM included roofing, paving, and hazardous materials, received $6,467,200 for a grand total of $82,838,100. This was the highest amount of capital improvement funding granted to the Building Board by the Legislature. Higher education received 61% for the FY2009 funding, while state agencies received 39% of the funding. The replacement cost for higher education buildings is 62%, with state agencies representing 38% of the funding received.

Steve Bankhead questioned what percentage of the $46 million allocated to higher education is managed by Utah State University and the University of Utah versus what is actively managed by DFCM. Mr. Beers referred to the Summary of Capital Improvement Funding for FY2005-FY2009 handout. For FY2009, the University of Utah received 22% of the funding and Utah State University received 11% of the funding. The handout was broken out between agency and institution to show how the $46 million was allocated for higher education and the $30 million was allocated for state agencies. It identified a five year history as to how much each agency and institution has historically received and how much they are receiving specifically this year. The total of $82,838,100 represented 1.1% which is the total replacement value. The amount increased as the value of the buildings increased and new buildings were added to the system.

John Nixon asked if all of the Department of Environmental Quality would be moving into the newly approved building. Mr. Beers referred to the FY2009 Capital Improvement recommendations. The document indicated that the Department of Environmental Quality will be allocated $128,600 for Building #2 for the replacement of fiber board duct work. The current plan is for DEQ to move into the new multi-agency building, but the plan is dependent on the demolition and replacement of the existing State Office Building. If the Governor's office and the Legislature determine that the State Office Building will not be demolished and replaced, DEQ will move into the Human Services building in early spring of 2010. If the State Office Building is demolished, DEQ will move into the new building in 2012 in order to provide State Office Building employees temporary office space during construction of the new building. Other agencies are slated to move into the DEQ building.

Mr. Beers highlighted the amount of funding each agency and institution will receive in capital improvement funding.

College of Eastern Utah	$ 986,200
Dixie State College	$ 2,500,000
Salt Lake Community College	$ 3,701,600
Snow College	$ 1,682,000
Southern Utah University	$ 2,426,500

University of Utah	$16,678,800
Utah State University	$ 8,405,000
Utah Valley University	$ 2,931,300
Weber State University	$ 4,248,800
Utah College of Applied Technology	$ 2,707,100
Agriculture	$ 76,000
Alcoholic Beverage Control	$ 304,800
Capitol Preservation Board	$ 1,753,700
Community and Culture	$ 402,000
Corrections	$ 4,153,300
Courts	$ 3,016,700
DFCM	$ 3,462,600
Environmental Quality	$ 128,600
Fair Park	$ 503,700
Health	$ 800,400
Human Services	$ 3,794,200
National Guard	$ 2,996,900
Natural Resources	$ 4,781,900
Office of Education	$ 574,300
Public Safety	$ 312,000
Tax Commission	$ 260,000
UDOT	$ 1,937,300
Veterans Affairs	$ 207,700
Workforce Services	$ 637,500
Statewide Programs	$ 6,467,200

The $1 million allocated above the normal allocation to the National Guard for statewide armory upgrades was directed by the Capital Facilities Committee. The Legislature also gave them $3 million totaling $4 million for the upgrade of armories across the state.

Mel Sowerby questioned how the Governor's Mansion Carriage House Roof/Seismic Upgrades/Stone Rehabilitation came to be a capital improvement project. Kent Beers responded the historic Carriage House has deteriorated over the last few years and the roof leaks into the facility and onto the exterior stone causing rapid decay of the exterior stone. An assessment of the building determined that the roof system needed to be replaced and modernized, the building needed to be seismically upgraded, and the exterior stone needed to be restored. Maintaining a facility of this nature is an appropriate use of capital improvement funds. Additional allocations may be sought next year to complete modest upgrades to the interior of the facility.

Steve Allred asked how the statewide program planning and design fund differed from the DFCM planning fund. Kent Beers responded that the $1 million allocation to the statewide program planning and design fund is specific to capital improvement projects. The DFCM planning fund is specific to capital development projects. The planning and design fund allows projects to begin with early design prior to receiving approval for the project. It also allows the project to have a firm cost estimate when it is presented to the Board. Because

of the systematic funding formula for capital improvement projects, DFCM can plan for projects anticipating funding.

Kent Beers introduced Wilbern McDougal as a nominee to fill the vacant Board member position. His nomination is still pending official approval from the Governor's Office. Mr. McDougal was the owner and president of McDougal Realty for over 40 years, and has been involved in many civic and government offices.

Kent Beers sought approval on the FY2009 Capital Improvement projects and the $720,000 for the unallocated roofing funds to be reallocated by the Building Board. The latter are projects resulted from bid savings on roofing projects that are placed in a fund specifically for roofing projects.

MOTION: Mel Sowerby moved to approve the allocation of the FY2009 Capital Improvement funds. The motion was seconded by Steve Bankhead and passed unanimously.

MOTION: Steve Bankhead moved to approve the reallocation of the roofing funds. The motion was seconded by Kerry Casaday and passed unanimously.

❑ DWR ADDITION TO GREAT BASIN RESEARCH CENTER .....

DFCM recommended the Board approve a $650,000 Non-State Funded Capital Development project for the Division of Wildlife Resources (DWR) at the Great Basin Research Center (Seed Warehouse). The new addition will increase capacity at the Seed Warehouse and will be constructed on state-owned property. Funding for the project will come from outside contributors and will not require state-funded O&M or future capital improvements. A letter from DWR requesting approval of the project was provided to the Board and Greg Sheehan, DWR, was present to answer questions.

Utah Code 63A-5-104(3)(b) states, "Legislative approval is not required for a capital development project if the State Building Board determines that:

(i) the requesting higher education institution [or state agency] has provided adequate assurance that ;
   a. state funds will not be used for the design or construction of the facility; and
   b. the higher education institution [or state agency] has a plan for funding in place that will not require increased state funding to cover the cost of operations and maintenance to, or state funding for, immediate or future capital improvements to the resulting facility.

DWR submitted documentation stating they would not request future improvements or O&M dollars on this project.

Greg Sheehan, DWR, stated the project is an expansion of the current warehouse. The recent wildfires and statewide efforts to improve water sheds and habitats have created a

lot of demand for DWR to address re-seeding efforts around the state. DWR has federal partners willing to help facilitate the efforts. The funding is contractually agreed upon with a majority coming from the Bureau of Land Management. The facility will be located on 17,000 square feet in Ephraim and this would add an additional 10,000sf.

MOTION: Steve Bankhead moved to approve the DWR addition to the Great Basin Research Center. The motion was seconded by Mel Sowerby and passed unanimously.

❑ WEBER STATE UNIVERSITY REQUEST TO PROCEED WITH PROGRAMMING OF THE WASATCH HALL RENOVATION .....

Weber State University has been going through a strategic planning process recently and has discovered they lack adequate campus student housing. WSU has slightly over 400 bed spaces on campus for approximately 18,000 students, which has affected student life activities. They hope that by increasing the bed space by approximately 1,000 spaces they might also increase the student life activity.

Wasatch Hall, Stansbury Hall and South Hall are all dormitories built in 1960. WSU is preparing a detailed analysis to determine if they can develop Wasatch Hall into a facility that can accommodate about 200 more beds and a more modern room configuration. Wasatch Hall is currently being used as surge space and houses those displaced by the Union Bulding renovation and construction at Elizabeth Hall. Upon completion of those projects, WSU will reconfigure the space back to its original intended purpose of a residence hall. LaSal and Stansbury Hall were recently converted to married housing and currently has a waiting list. These buildings are all auxiliary spaces and do not require state funding but do require Building Board approval to proceed with the programming, planning and design proposed for the facilities. Funding will come from student fees and will be supplemented by capital campaign funds and donations.

MOTION: Mel Sowerby moved to approve Weber State University to proceed with the programming of the Wasatch Hall renovation. The motion was seconded by Kerry Casaday and passed unanimously.

❑ ADMINISTRATIVE REPORTS FOR UNIVERSITY OF UTAH AND UTAH STATE UNIVERSITY .....

Ken Nye provided the FY2008 Capital Improvement performance report for projects managed by the University of Utah. The University managed 26 projects funded for the current fiscal year. Three roofing projects were managed by DFCM and were not included in the report.

Of the 26 projects, 62% are complete or under contract for construction. The Student Services Fire Alarm Replacement project was out to bid and bids are due April 17. The nine paving requests were combined into one project to obtain a better price for the

asphalt. Bids for the combined paving project are due April 10. Once these bids are completed, the University will be at 96% and within two weeks will be at 100%.

Mr. Nye continued with the administrative report for the University of Utah for the period of February 22 to March 21, 2008. There were six design agreements, one study agreement, and four construction contracts issued for the period.

MOTION: Mel Sowerby moved to approve the administrative report for the University of Utah. The motion was seconded by Kerry Casaday and passed unanimously.

Darrell Hart provided the FY2008 Capital Improvement Performance Report for projects managed by Utah State University. There were 24 projects funded for FY2008 and four roofing projects were being managed by DFCM. There were 17 projects that were complete or under construction which totaled about 85%. One of the projects will be under contract within the next week which would have them to 90%. They have recently received bids on two mechanical projects and both are considerably more than the estimate and will need to be reconfigured. They are currently at 85% and in two weeks will be at 90%.

Ben Berrett provided the administrative report for Utah State University for the period of February 20 to March 19, 2008. There were two professional contracts and six construction contracts issued for the period. Of USU's 64 current projects, 13 are in the design/study phase, 37 are in construction, and 14 are substantially complete.

The 2008 Legislature approved the transfer of $225,000 from the Contingency Reserve Fund to the Project Reserve fund. This will help USU to successfully complete current projects and will provide some flexibility to award contracts on future projects that may require funding.

MOTION: Steve Bankhead moved to accept the administrative report for Utah State University. The motion was seconded by Mel Sowerby and passed unanimously.

❑ ADMINISTRATIVE REPORTS FOR DFCM .....

Kent Beers provided the administrative report for DFCM for the period of February 21 to March 18, 2008. There were 20 construction contracts awarded for the period. There is a balance of $7 million in the Contingency Reserve Fund and $5.4 million in the Project Reserve Fund.

❑ ADJOURNMENT .....

MOTION: Mel Sowerby moved to adjourn at 10:05am. The motion was seconded by Steve Bankhead and passed unanimously.

###

Utah State Building Board

Jon M. Huntsman, Jr.
Governor

4110 State Office Building
Salt Lake City, Utah 84114
Phone (801) 538-3018
Fax (801) 538-3267

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton
Date: June 25, 2008
Subject: **Rules for the Acquisition and Disposition of Real Property**

Recommendation
DFCM recommends that the Board approve proposed emergency rules for the acquisition and disposition of real property, as described in the attached proposed emergency administrative rules.

Background
The newly enacted statute requiring all State agencies to adopt certain rules regarding the fair market valuation of real property to be acquired or sold is found in subsection 63A-5-401, as follows:

63A-5-401. Rulemaking for sale of real property -- Licensed or certified appraisers -- Exceptions.
(1) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, if the division buys, sells, or exchanges real property, the division shall make rules to ensure that the value of the real property is congruent with the proposed price and other terms of the purchase, sale, or exchange.
(2) The rules:
(a) shall establish procedures for determining the value of the real property;
(b) may provide that an appraisal, as defined under Section 61-2b-2, demonstrates the real property's value; and
(c) may require that the appraisal be completed by a state-certified general appraiser, as defined under Section 61-2b-2.
(3) Subsection (1) does not apply to the purchase, sale, or exchange of real property, or to an interest in real property:
(a) that is under a contract or other written agreement prior to May 5, 2008; or
(b) with a value of less than $100,000, as estimated by the state agency.

In response to this new statute, DFCM is adopting new rules for the acquisition and disposition of real property by the division. At this time, the division has a number of ongoing real property transactions critical to the mission of certain state agencies. The adoption of DFCM's new rules

on an emergency basis will allow these transactions to continue without interruption. The alternative would be for all real property acquisitions and sales by the division to cease until adoption of the new rules, which would cause a serious disruption in the critical government operations of all involved State agencies.

Copies of the proposed rules will be distributed prior to the Board meeting on June 25.

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton DGB
Date: June 25, 2008
Subject: **Long-Term Lease Approval for DNR (DWR) Building at Quail Creek**

Recommendation

DFCM recommends that the Building Board consider a request from the Department of Natural Resources Division of Wildlife Resources to enter into a long-term lease at Quail Creek. The leased building will house state workers from DWR, DNR, Water Rights and Washington County Water Conservancy District.

Background

This project was brought to the Board for approval in March of 2008 with the hope that an exception from legislative approval granted to Higher Education in Utah Code 63A-5-104(3)(b) could be extended to state agencies. Legislative Research and General Council reviewed this issue and determined that the exception could not be extended to state agencies. As a result, Washington County Water Conservancy District will construct the facility and DNR will lease it for 50 years. This issue was reviewed by the Legislative Fiscal Analyst's Office and approved based upon the following conditions:

1. *Pursuant to UCA 63A-5-302, take the proposal to the State Building Board for their approval.*

2. *Report to the Capital Facilities and Government Operations Appropriations Subcommittee in their July 16, 2008, meeting.*

3. *Build into the contract with WCWCD that DFCM must be consulted in the construction process (better yet, oversee the construction), and DFCM must certify that the building meets state standards.*

4. *Specify into the contract with WCWCD whether the lease is a full-service lease that includes O&M, or otherwise.*

5. *Keep a good audit trail - all accounting transactions properly recorded and according to existing service contracts with WCWCD. If necessary, amend existing service contracts first.*

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton
Date: June 25, 2008
Subject: **Delegation Request from the University of Utah for Huntsman Cancer Hospital Phase IIB**

Recommendation

DFCM recommends that the Building Board delegate project management authority to the University of Utah for the design and construction of the Huntsman Cancer Hospital Phase IIB project. The U of U has demonstrated that they have sufficient construction management skills to manage this project internally.

Background

The Huntsman Cancer Hospital Phase IIB was approved during the 2008 legislative session as the third phase of the of the Hospital project. As a condition of his donation to the project, John Huntsman specified that the University of Utah manage the project. Since this project is being constructed on state property, DFCM will assign a project manager to the project for purposes of coordination. In addition, DFCM holds a monthly construction coordination meeting with the University of Utah. DFCM will retain adequate oversight of the state's interest through this process. A letter from the University of Utah requesting project management delegation of this project is attached.

THE UNIVERSITY OF UTAH

Office of the Vice President
for Administrative Services

May 1, 2008

Mr. Gregory Buxton, Director
Division of Facilities Construction and Management
4110 State Office Building
Salt Lake City UT 84114

Dear Gregg:

DELEGATION: University of Utah Huntsman Cancer Hospital Phase IIB

The University of Utah requests delegation for the design and construction of the Huntsman Cancer Hospital Phase IIB. This project was authorized in the 2008 legislative session through HB 5, Revenue Bond, Capital Facility, and Property Acquisition Authorizations.

This project is estimated to add 117,000 gross square feet to the north side of the existing Huntsman Cancer Hospital, plus remodel 23,000 square feet in the existing Huntsman Cancer Hospital. The total project cost is estimated at $110 million, which is being financed through a revenue bond authorized by the Legislature in HB 5 along with other institutional funds. No state funds will be used for the design and construction of the project or for its future maintenance. The description of this project that was included in the Building Board's Five Year Building Program is attached.

Phase IIB is a continuation of the build out of this specialty hospital that was initiated through the previous projects referred to as Phase I and Phase IIA. The project administration for both of these previous phases was delegated to the University. Like the previous phases, Phase IIB will require specialized expertise along with close coordination with the operations of the current hospital and with the donors and other parties who are ultimately paying for and operating the facility.

Because of these unique challenges, we respectfully request your consideration of supporting our delegation request of the Utah State Building Board. This will be an accelerated project that may be best managed by University project management staff.

Thanks again for your continued support and consideration.

Sincerely,

Michael G. Perez (dc)

University of Utah
Huntsman Cancer Hospital II-B

DESCRIPTION

This project will add 117,000 sq. ft. of space appended to and immediately to the north of the existing Huntsman Cancer Hospital (HCH).

Approximately 23,000 sq. ft. of space in the HCH will be remodeled in the course of this project. The remodeled space will bring additional operating rooms on line, raising the OR count from five to nine.

The new space will expand outpatient clinic space and add another 50 patient rooms, including critically needed intensive care beds.

When completed, the twenty-five additional exam rooms gained from the expansion will bring the exam room count to 81 supporting 70,000 ambulatory visits per year.

The project will also add an additional PET/CT imager, a second digital mammography unit and an inter-operative MRI to assist in complex neuron-oncologic surgery.

COST ESTIMATE

Construction	$69,400,000
Design Fees	$7,800,000
Property Purchase	
Furnishings & Equip.	$24,400,000
Other	$8,813,000
Total Est Cost	**$110,413,000**

Utility connection fees are included in the project budget but impact fees are not.

Additional Project Information	
Const Cost Per Sq Ft	$492
Request Type	Construction
Est. Start Date	June 1009
Est Completion Date	Jun-12
Sq Ft (New Bldg)	141,139
Increased State O&M	$0
New FTE Required	0
Added Program Cost	$0
Systems Replacement	$55,520,000
Estimated Bldg Life	50 Years
Programming	Requested

JUSTIFICATION

The Huntsman Cancer Hospital opened in June, 2004 and was quickly operating at full capacity. All outpatient services (diagnostic, imaging, chemotherapy, etc.) are at near capacity now.

At this time, the HCH providers must place new patients on unacceptable wait lists and/or must refer a significant volume of patients to other centers due to the physical limitations of space and the ability to support additional faculty and providers.

MEMORANDUM

To: Utah State Building Board
From: Kenneth Nye KEN
Date: May 2, 2008
Subject: **Administrative Reports for University of Utah**

The following is a summary of the administrative reports for the University of Utah:

Professional Services Agreements (Page 1)
The Professional Services Agreements awarded during this period consist of:
3 Design Agreements, 1 Programming/Planning Agreement, 0 Study/Other Agreements.

No significant items.

Construction Contracts (Page 2)
The Construction Contracts awarded during this period consist of:
0 New Space Contracts, 3 Remodeling Contracts, 3 Site Improvement Contracts.

No significant items.

Report of Project Reserve Fund Activity (Page 3)
Increases: None.

Decreases: None.

Report of Contingency Reserve Fund (Page 4)
Increases: None.

Decreases:
HEB North, Fire Sprinkler Upgrade
This transfer was to provide additional lighting in the conference room which was retrofitted as part of the scope of work.

THE UNIVERSITY OF UTAH

Office of the Vice President
for Administrative Services

MEMORANDUM

To: Utah State Building Board
From: Kenneth Nye
Date: June 6, 2008
Subject: **Administrative Reports for University of Utah**

The following is a summary of the administrative reports for the University of Utah:

Professional Services Agreements (Page 1)
The Professional Services Agreements awarded during this period consist of:
4 Design Agreements, 1 Programming Agreement, 1 Study Agreement.

No significant items.

Construction Contracts (Page 2)
The Construction Contracts awarded during this period consist of:
0 New Space Contracts, 3 Remodeling Contracts, 0 Site Improvement Contracts.

No significant items.

Report of Project Reserve Fund Activity (Page 3)
Increases
Public Safety, Install Fire Sprinkler System
This transfer of $1,014.64 into project reserve represents surplus upon completion of the project.

Decreases:
Student Services Building, Fire Alarm Upgrade
This transfer of $29,482.00 out of project reserve represents the amount necessary to cover the construction bid for essential aspects of this project.

Report of Contingency Reserve Fund (Pages 4)
Increases: None

Associate Vice President Facilities Management
1795 East South Campus Dr Rm 219
V. Randall Turpin University Services Building
Salt Lake City, UT 84112-9404
(801) 581-6510
FAX (801) 581-6081

Decreases, Remodeling

Electrical Switchgear Upgrad, Phase 1

This transfer of $6,399.30 out of Contigency Reserve covers the replacement of air compressors damaged by power fluctuations associated with this project.

Park Building Renovation

This transfer of $249,955 out of the Contingency Reserve covers the cost of repairing the grand stairs to the building which were discovered to be structurally deficient. This is an unknown condition that was discovered during exploration work by the contractor and architect. The repair retains the existing structure where possible while replacing concrete that had deteriorated due to exposure to water during the building's 90 year life.

Contingency Reserve Fund Quarterly Summary (Page 5)

This report has been updated to include all projects having access to the Contingency Reserve.

Statewide Account (Page 6)

All information updated. Projects previously reported as complete were removed. FY09 projects were added.

Improvements Account (Page 7)

All information updated. Projects previously reported as complete were removed. FY09 projects were added.

Dear Gregg:

SUBJECT: USU Administrative Reports for May 2008 Building Board Meeting

The following is a summary of the administrative reports for USU for the period 03/19/08 to 04/30/08:

Professional Contracts, 5 contracts issued (Page 1)
Item 1, CEP Chillers - The A/E fees for this project have exceeded what was anticipated because of studies and design needed to determine the best use of the funds. There are insufficient funds in the project to do all the work that has been designed and that is needed. Future capital improvement requests will be made to finish the project.

Construction Contracts, 11 contracts issued (Page 2)
Item 2, Engineering Lab Fire Alarm (Sprinkler system) - The scope of this project has changed from a fire alarm to a sprinkler system. In studying the project, it made more sense to start with providing fire sprinkling to the building before a new fire alarm system is installed. Current codes require a much more stringent fire alarm system be designed if a building does not have a sprinkling system. The intent of this project now is to put the Fire Alarm funding toward the first phase of the fire sprinkler and then complete the fire sprinkler and alarm system with future capital improvement requests.

Item 4, Military Science ROTC Renovation - The construction budget for the project was $67,227. In order to award a contract for $70,574.18 to USU Facilities, the difference of $3,347.18 will be transferred from the Project Reserve Fund.

Report of Contingency Reserve Fund (Page 3)
No significant items.

Report of Project Reserve Fund Activity (Page 4)
A decrease of $3,347.18 has been made from the Project Reserve Fund for the Military Science ROTC Renovation as explained above.

Current Delegated Projects List (Pages 5-6)
Of USU's 65 current projects, 9 are in the Design/Study phase, 39 in Construction, 16 are Substantially Complete, and 1 Complete.

Representatives from Utah State University will attend the Building Board meeting to address any questions the Board may have.

Sincerely,

Fred R. Hunsaker
Interim Vice President for
Business and Finance

4 June 2008

David G. Buxton, Director
Division of Facilities Construction
and Management
4110 State Office Building
Salt Lake City, Utah 84114

Dear Gregg:

SUBJECT: USU Administrative Reports for June 2008 Building Board Meeting

The following is a summary of the administrative reports for USU for the period 04/30/08 to 06/04/08. Quarterly reports on the Contingency Fund Cumulative Transfers, Summary of the Statewide Accounts, and Construction Contract Status are also included.

Professional Contracts, 4 contracts issued (Page 1)
Comments are provided on the report.

Construction Contracts, 8 contracts issued (Pages 2)
Item 4, Fume Hood, A/C & Controls Upgrade/Geology (Combined project) - USU has two capital improvement projects, Fume Hood Upgrades FY08 and A/C & Controls Upgrade FY08. Both of these projects are located in the Geology Building, and the bids for both projects came in over the budgets by considerable amounts. The two projects are being combined into a single project. The scope of the combined project has been reduced to include all of the building air conditioning issues, the fume hoods infrastructure, and as many of the existing fume hoods as possible. In order to complete the fume hoods, additional funds will be requested in a future capital improvement project.

Further comments are provided on the report.

Report of Contingency Reserve Fund (Page 3)
No significant items.

Contingency Fund Cumulative Transfers Quarterly Report (Pages 4-5)
The Contingency Fund is in good order. Two projects have been completed.

Report of Project Reserve Fund Activity (Page 6)
No change from the previous report.

Summary of the Statewide Accounts Quarterly Report (Page 7)
The FY09 paving projects have been added. Construction is underway on the CPD Phase II and 900 East Rebuild lots.

Construction Contract Status Quarterly Report (Pages 8-9)
Nine contracts have been closed, 21 are in progress, and 13 new contracts have been issued since the last quarterly report. The contracts that are over in time are due to minor contractor issues, unknown conditions surfacing during the course of construction, and a lag time in paperwork being processed to extend days.

Current Delegated Projects List (Pages 10-11)
Of USU's 68 projects, 5 are now Complete, 23 Substantially Complete, 30 in Construction, and 10 are in the Design/Study phase. The completed projects for the quarter are CPD/ECC Fire Alarm Upgrade, Old Main Entrance, Maeser Lab Constant Temperature Room, USU Airplane Hangar, and the USTAR Biofuels Research Building/Caine Dairy (project canceled).

Representatives from Utah State University will attend the Building Board meeting to address any questions the Board may have.

Sincerely,

Fred R. Hunsaker
Interim Vice President for
Business and Finance

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton
Date: June 25, 2008
Subject: **Reallocation of Capital Improvement Funds at Utah State University**

Recommendations

DFCM recommends that the Building Board consider a request from USU to reallocate FY 2009 capital improvement paving funds in the amount of $255,500 from the USU Campuswide Paving Project ($700,000 budget) in order to relocate nine tennis courts that must be moved to make way for the new Emma Eccles Jones Early Childhood Education and Research Center.

Background

A representative from USU will present this item at the Board meeting. A letter from USU is attached with the background information and justification for this requested reallocation of improvement funds.

Division of Facilities Construction
and Management
4110 State Office Building
Salt Lake City, UT 84114

Dear Gregg:

SUBJECT: Request for Reallocation of FY09 Capital Improvement Paving Funds

Utah State University is requesting a reallocation of FY09 capital improvement paving funds in the amount of $255,500 from the $700,000 allocated for Campus-wide Paving Projects to a new project, Tennis Courts Relocation. The Emma Eccles Jones Early Childhood Education and Research Center will be constructed on the site of nine tennis courts located just north of the College of Education. The donors for this $17 million building considered it of great importance that the new building be located close to the College.

The construction of the new building necessitates moving the existing tennis courts to a different site. The courts are in extremely poor condition and would need an investment now in order to remain usable. The site chosen to relocate the tennis courts is the parking lot that was scheduled to be repaved with FY09 capital improvement paving funds in the amount of $255,500. This would move the tennis courts a little further from the core part of campus but within a reasonable distance.

The actual cost of moving the courts is approximately $600,000. The $255,500 capital improvement funds will be supplemented with USU funds from multiple sources to provide the necessary budget for the relocation. The move needs to happen this summer so the foundations for the new building can begin early fall enabling construction to continue through the winter.

Your support of this request and approval by the Building Board at its next meeting will be greatly appreciated.

Sincerely,

Fred R. Hunsaker

Fred R. Hunsaker
Interim Vice President for
Business and Finance

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton
Date: June 25, 2008
Subject: **Reallocation of Capital Improvement Funds at Utah State Fair Park**

Recommendations

DFCM recommends that the Building Board cancel the FY 2009 project titled "Fair Park: Design New Storm Drainage and Sewer System" and transfer the funds ($84,000) to the FY 2008 project titled Fair Park: Promontory Hall HVAC/Restroom ADA/Exhaust Fans/Fixtures.

Background

The FY 2008 Promontory Hall project budgeted at $243,134 recently bid $75,000 over budget. Because this is a critical project, Fair Park officials request that the FY 2009 Design of the Storm Drainage/Sewer System be postponed and that the funds ($84,000) be reallocated to the Promontory Hall project. The Fair Park will request the Design of the Storm Drainage/Sewer System next year.

MEMORANDUM

To: Utah State Building Board
From: David G. Buxton
Date: June 25, 2008
Subject: **Administrative Reports for DFCM**

The following is a summary of the administrative reports for DFCM.

Lease Report (Pages 1 - 5)
Leases
Item #1 - This item is the assumption of a lease for parking associated with the old BYU Salt Lake Center. We agreed to assume this parking lease as a part of the purchase transaction under the purchase agreement for the old BYU Salt Lake Center with the LDS Church.

Items #2 - #6 - These new leases are for longstanding air monitoring locations which have not had the benefit of a lease in the past.

Amendments
Item #7 - This lease renewed automatically for three years after the landlord did not send written cancellation prior to the end of the original term, and continues to have a six-month cancellation clause.

Item #18 - This lease was renewed from a rental rate well below market to a rate more in line with prevailing market conditions in the Tooele area.

Architect/Engineering Agreements Awarded, 46 Agreements Issued (Pages 6 - 9)
No significant items

Construction Contracts Awarded, 51 Contracts Issued (Pages 10 - 14)
Item #1 – DATC Bldg C HVAC Upgrades
Additional funds from the project reserve fund were used to award these contracts.

Item #9 – Decker Lake Juvenile Justice Youth Center Control Room Upgrade
The bid overage amount was split between agency funds and DFCM project reserve funds.

Item #15 – Panguitch DOT Maintenance Station Replacement

Item #22 – Greendale Maintenance Station Replacement
The bid overage amount was covered by DOT funds.

Report of Contingency Reserve Fund (Pages 15 - 16)
Increases
The funding increase is the budgeted contingency from an FY'08 Supplemental Funded project. The other increases are the result of decrease change orders.

Decreases, New Construction
Dixie Health Sciences Building
This transfer of $90,822 covers various omissions and unknown items such as additional electrical outlets, storm drain line extension, window shades, wood cap on top of the half height walls, guardrail on retaining walls, draft curtain required by code, rock retaining wall, aircraft warning lights, items to the elevator room required by state elevator inspector, and to move the fire sprinkler system drain.

University of Utah Student Housing
This transfer of $87,500 covers DFCM's share of the Granville Constructors Settlement.

Salt Lake County Joint Drivers License/DMV Building
This transfer of $69,350 covers Rocky Mountain Power costs for switchgear and to replace three phase underground primary cable. It also covers change order #3 to re-route Rocky Mountain conduit through job site.

Decreases, Remodeling
POST Academy Bldg Remodel for State Mail
This transfer of $60,413 returns a portion of the previously transferred budgeted contingency to match the revised funding and budget of this project.

Draper Prison Perimeter Security Upgrades
This transfer of $41,372 covers change order #4 for an omission to add additional fencing and man gates on two of the facilities under this contract.

Provo Regional Center DHS Space Improvements
This transfer of $18,259 covers change order #3 for an unknown condition to provide and install an extensive weld inplace steel support system for two 25 foot long accordian doors. These are required because existing building roof is non-typical in design and unseen to contractor until ceiling was uncovered.

DWS Cedar City Bldg. Replace Stairs/Ramps
This transfer of $15,441 covers change order #1 for various unknown conditions and design errors: over excavate and install structural fill under all concrete in ramp areas and also in parking area, raise handicap stall to 2% grade and feather transition to existing lot, and pipe down spouts to curb.

Report of Project Reserve Fund Activity (Pages 17 - 18)

Increases

These items reflect savings on projects that were transferred to Project Reserve per statute.

Decreases

DHS/JJS Decker Lake Facility Control Room Upgrade

The bid overage on this project was split equally between DFCM Project Reserve funds and JJS agency funds.

The other transfers covered the actual amount of construction costs over the budget.

Statewide Funds Reports (Pages 19 - 26)

Planning Fund Report

The 2008 Legislature increased the total planning funds to $901,000. Also during this quarter a total of $299,999 was returned to the planning fund from the new Salt Lake Government Office Building project. This was funded with FY'08 supplemental funds.

No significant items on the other reports.

Quarterly Contingency Reserve Fund Report (Pages 27 - 31)

The projects that reflect above average draws from the contingency fund have been reviewed previously with the Board as the larger draws occurred.

Construction Contract Status (Pages 32 - 37)

This quarterly report shows the status of each construction contract that was open during the preceding quarter. The main intent of this report is to show which contracts/projects are over the contractual completion time. The report is broken out into two sections; Open contracts for those that were open during the period including any new contracts, and those that have closed during the quarter.
